

Kentucky Perinatal Quality Collaborative

KyPQC BULLETIN

The KyPQC Central Office
wishes everyone a happy and
healthy holiday season!

Developing KY LifeLine4Moms

Kentucky was awarded \$750,000 in annual funding for the next five years to establish a new program designed to support perinatal mental health. This program will leverage the mental health provider network to create a Kentucky Lifeline for Moms service modeled after the University of Massachusetts' Lifeline for Moms program. KyPQC Next Steps

- **The KyPQC was awarded \$200,000 in new annual funding** from HRSA to expand KyPQC capacity to support the implementation of AIM safety bundles in Kentucky birthing hospitals.
- **The KyPQC received \$237,461** from the Office of Health Equity that will be used to support initiatives that benefit minority and rural populations and those affected by substance use disorder.
- **The KyPQC is hiring!** We are excited to add new members of the Central Office in the coming months.
